JUDGE NUSBAUMER TELLS OF POLITICAL PROMISES.

Declares That He Kept * Replies to All the * Tells of the Police, Fire * Charges Made Dur- * and Health De- * ing His Absence. * partments.

"Mayor Barstow never made a promise to Dr. Woolsey and I—well, if I did, I will fight that out with Woolsey."

Such was the statement made by Judge Emil Nusbaumer this morning just as he left the overland train, which arrived at the Sixteenth street car at 11:34 o'clock. Judge Nusbaumer was answering a question as to whether Dr. E. H. W. else had been offered the Health Office, which Mayor Barstow turned over to Dr. von Adelung. Judge Nusbaumer has been East two months, having been in Indianapolis during that time. His trip was one of business and pleasure and he returns in excellent health and looking exceedingly well.

AS TO PROMISES.

"It has only been during the last few days," continued Judge Nusbaumer "that I have seen the Oakland and San Francisco newspapers and I therefore know very little of the situation. I will state, however, that whatever promises were made were made in good faith and with the understanding always that the officers elected would agree to the appointments."

The statement that Mr. Reed promised one man and I promised another man the same job is a lie on the face of it.

"Mr. Reed and I, when we made any promises, made them jointly."

GOOD APPOINTMENTS.

The appointments that have been made are all exceptionally good ones and are entirely satisfactory to me. The appointment of Dr. von Adelung has my approval.

AS TO DR. WOOLSEY.

"Now, in regard to Dr. Woolsey, I will say nothing except that Mayor Barstow never promised that he would be in the Health Office. As to whether I made such a promise or Mr. Reed did, I will make no statement. Just say through THE TRIBUNE that I will fight that out with Dr. Woolsey himself. There are other things to be fought out with Dr. Woolsey. The publication of telegrams from me is one of the things that the Dr. and I will settle between ourselves."

MENDENHALL'S STORY.

"In regard to the statement alleged to have been made by Asst. At. V. Mendenhall, to the effect that I had been promised the appointment of Assistant City Attorney, I wish to say that Mendenhall knew that Mr. Reed was working for G. E. Jackson, who is in our office for the place, and knowing that, Mendenhall knew that he would not have our support. To say that Mr. Reed or I promised Mendenhall the place is absurd."

FIRE DEPARTMENT.

In regard to the Fire Department, it has been stated that E. Lawton, who was Assistant Chief, had been promised that he would remain. Such is not the case. Lawton came to me and solicited my support, but I told him emphatically that I could do nothing for him. I told him that I had worked hard for him and assisted in placing him in his position, but that he had been there long enough and that he could not remain. So, you see, there was no promise made to Lawton.

MILES DOODY'S CASE.

"In regard to Miles Doody, he could not be placed by the vote of Mayor Barstow, as there were two against him and right here let me say that the gentlemen who were elected by the people were men of integrity and worth, and whenever their judgment differed from mine I had no fault to find, believing heartily in their efficiency. Every promise that I made before election that I could fulfill, I did fulfill, but when the men whom were elected differed from me, I could do nothing and this was clearly understood by every one before election."

POLICE DEPARTMENT.

"In this Police Department no one was promised the Captaincy now held by Peterson, although I thought Sargent Green had the best chance for the place in that he had more friends than the other man."

"I thought Peterson would be reduced and I hoped so, because I believe that he is an inefficient police officer and one who never should have been raised to authority over the other men."

JACK MULLEN.

"In regard to Jack Mullen of the Building Trades Council, I don't suppose he has any complaint, for it was unimportant that he was to have a place if Dan Doody did not secure the secretaryship of the Board of Health. It lay between them, and Doody was successful."

AS TO HIS TRIP.

Judge Nusbaumer was delighted with his trip.

FIVE MEN HANGED BY MOB IN NORTHERN CALIFORNIA.

SUSANVILLE, Calif., May 31.—At Lookout, Modoc county, Calif., Bob, his three sons and a young man living with him, were arrested for horse stealing. Last night the five men were taken from custody by a mob of about fifty persons and all were hanged. The bodies have been cut down. The District Attorney of Modoc county is on the way to the scene of the lynching. Bob was a man of considerable intelligence. His wife was a scoundrel.

WOMAN SUFFRAGISTS MEET IN NATIONAL CONVENTION.

MINNEAPOLIS, Minn., May 31.—The session this morning of the Woman Suffrage Association was largely devoted to reports of officers and committees. Harriet Taylor Upton of Ohio, the treasurer, reported receipts for the year of \$2,322, which were \$86 more than the disbursements.

Sarah Clay Bennett of Kentucky, chairman of the Federal Suffrage Committee, in her report on the petitions addressed to Congress, argued that the Supreme Court had indirectly decided in its ruling on the fourteenth amendment to the Constitution that that amendment had annulled the word "male" in the constitutions and laws of the States that confined the rights of suffrage to men. Eleanor Monroe Babcock of the Press Committee reported that press work had been organized in twenty-four States.

Interest centered in Susan B. Anthony's report of her labors as chairman of the Congressional Work Committee. She said the thirty-second annual petition to Congress for an amendment to the Constitution had been presented, supported by figures from every State, and in addition a petition may be presented asking that the word "male" be stricken out of suffrage legislation for Porto Rico and Hawaii.

FAIR CASE ENDED.

Supreme Court Today Denied Motion for Rehearing.

Associated Press Dispatches by The Tribune's Special Leased Wire, SAN FRANCISCO, May 31.—The Supreme Court today denied the application for a rehearing in the Fair will contest, thereby settling for all time the famous Fair case.

A suit was brought before Judge Slack in the Superior Court of San Francisco to invalidate the trust clause in the Fair will and was successful. An appeal was taken to the Supreme Court and Judge Slack was reversed. A re-hearing, however, resulted in the Supreme Court reversing itself and declaring the trust invalid.

It was the application for a second rehearing that was denied today. The application was based upon the alleged inconsistency of the two decisions in the case handed down by Justice Henshaw.

CANTEENS TO BE RESTORED.

Military Surgeons Declare They are the Proper Thing.

Associated Press Dispatches by The Tribune's Special Leased Wire, NEW YORK, May 31.—By a unanimous vote the Association of Military Surgeons voted yesterday to restore canteens to the members of the military corps.

The subject was introduced with the resolution, in a paper by Lieutenant Colonel L. C. Neuman, late of the First Cavalry, a volunteer engineer. A supplementary resolution by Colonel Reed of Wyoming, requested the organization to commit to the Congressmen from his own state and provide for a committee of three to petition the Congress. This last committee is to act with the legislative committee of the American Medical Association.

The resolution claims that Intermittent fever and disorders have in recent times the abolition of the canteen and resulting in a re-establishment or gradual restoration, morality and discipline.

Associated Press Dispatches by The Tribune's Special Leased Wire, NEW YORK, May 31.—Chicago's machinists' strike began today, more than 1,000 men quitting work in the various shops and factories because the employers refused to sign the agreement yesterday for a twelve and one-half per cent increase in wages, a nine hour day and extra pay for all time over nine hours. When the force of 200 machinists gathered at the works of Fraser & Chalmers early in the morning they were met by W. J. Chalmers, who told them they might well go home if they expected him to sign the agreement. The machinists accordingly dispersed. Similar scenes were enacted in many other plants, though a few manufacturers signed the agreement.

The Lutheran Synod.

Associated Press Dispatches by The Tribune's Special Leased Wire, DES MOINES, Iowa, May 31.—The second day of the General Synod of the Evangelical Lutheran Church was devoted to discussion of home missions.

The report of the Secretary of the Board showed that the total receipts of the biennium, including the balance on hand May 1, 1899, were \$101,342. The cash on hand, after deducting all expenses, is \$7,252.

Machinists Win Out.

Associated Press Dispatches by The Tribune's Special Leased Wire, SPRINGFIELD, Ill., May 31.—Striking machinists of the Webash shops at Springfield, Ill., McAlpin, Mo., and Fort Wayne, Ind., returned to work today, at an advance of 2 cents per hour in wages and time and a half for all overtime.

Major Signs Ordinance.

Major Barstow today received the

regulation regarding the carrying of concealed weapons. The new ordinance provides that on payment to the secretary of the Board of Public Works of a fee of \$2.50 a written permit may be granted by the Mayor to carry a concealed weapon.

Interest centered in Susan B. Anthony's report of her labors as chairman

of the Congressional Work Committee.

She said the thirty-second annual

petition to Congress for an amend-

ment to the Constitution had been pre-

sented, supported by figures from

every State, and in addition a peti-

tion may be presented asking that the

CLEAR POLICE DEPARTMENT OF ALL INCOMPETENTS.

City Attorney Johnson Gives Notice to Police Officers.

The sheath that wears the star throbs irregularly these days, and the feeling of pins and needles that was so pronounced among members of the local police force when the new Board of Fire and Police Commissioners first took office, about a month ago, when it was believed that there would be a general weeding out of incompetents, has been revived on account of the charges preferred against Policeman William Kingsbury by the Chief, and the fact, noted in Chief Hollings' formal charges that the officer was found sound asleep on a porch while on duty, provides every hope of his escape or dismissal.

HAMERTON REDUCED.

In view of Kingsbury's suspension, the recent demotion of Policemen Pardee and McKinley, and the resignation of Langworthy, the force is considerably crippled just now, and Chief Hollings today found it necessary, in order to meet the exigencies, to place Detective Charles Hamerton on regular police duty. Hamerton has been assigned to the Sixteenth street depot beat. Whether such change is to be

permanent Chief Hollings declines to state.

OTHER CHANGES COMING.

That charges of incompetence against other policemen are to follow just as soon as Kingsbury's case is disposed of, is practically substantiated by Commissioner James A. Johnson, who when interviewed this morning, said:

IMPROVE DEPARTMENT.

"It is our intention to clean the police department of all incompetents, and that as soon as possible. Men who have proved themselves incompetent and indifferent to their duties we have no use for; all these must go."

NO POLITICS.

"Any officer who attends strictly to his business is always on time, and by his conduct proves that he is the right man in the right place—NO MATTER WHAT HIS POLITICS MIGHT BE." He has no reason to fear that he will lose his place.

"We are going to have a police force in Oakland than which none better can be found anywhere."

Help for Women Who Are Always Tired.

"I do not feel very well, I am so tired all the time."

You hear these words every day; as often as you meet your friends just so often are these words repeated. More than likely you speak the same significant words yourself, and no doubt do feel far from well most of the time.

Mrs. Ella Rice of Chelton, Wis., whose portrait we publish, writes that she suffered for two years with bearing-down pains, headache, backache, and had all kinds of miserable feelings,

MRS. ELLA RICE

all of which was caused by falling and inflammation of the womb, and after consulting with physicians and numerous medicines she was entirely cured by Lydia E. Pinkham's Vegetable Compound.

If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that there is an absolute remedy which will relieve you of your suffering as it did Mrs. Rice. Proof is monumental that Lydia E. Pinkham's Vegetable Compound is the greatest medicine for suffering women.

BILLY DELANEY TO HANDLE BIG JEFF.

Associated Press Dispatches by The Tribune's Special Wire. WIRE OFFICES, May 31.—The Tribune says:

Champion Jim Jeffries, with the assistance of Billy Delaney, will take his own partistic business after June 6th, the date of the exposition, and contract with his old manager, Will, on A. Brady.

Jeffries upon his arrival in Chicago from New York yesterday did not meet his old manager, as an hour before he jumped off the train Brady had boarded a train for New York.

Jeffries will place himself under the charge of Billy Delaney as soon as he reaches the Pacific Coast. Spicing up his future plans last night, he said: "My contract with Brady expires on June 6th and after that date Billy Delaney will look after my interests. Now in regard to myself, I intend leaving for California with the 'Kod' probably tomorrow night. I will go to Los Angeles first and then to San Francisco to see what is doing in the fighting game."

I am anxious to engage in several fights within the next year, and if win, of which I have no doubt, I will quit the game. I have been offered a good purse to beat Bruhn or Sharkey in "Favor."

Miss Emma Leberich, residing at 171 Ninth street, this city, was found dead suffocated by illuminating gas in a room at the Commercial Hotel, San Fran. It is believed that through the prompt discovery of other guests and the immediate return of Dr. T. B. W. Letford, her life was saved.

In the physician she stated that she had determined to end her life because her husband while intoxicated had driven her from their home in Oakland. She said she had no desire to live without little ones.

Miss Leberich is an officer on a steamship, and when questioned about her last evening, she said that she had been ill.

At 10:30 a. m. Wednesday afternoon As to the trouble, she said: "It is one of the public business and I have nothing to say."

SUNDAY SCHOOL CONVENTION.

DEFECTIVE FLUE DESTROYS A VALUABLE RESIDENCE.

The residence occupied by the Brown family at 621 E. 3rd Thirteenth street and owned by Rev. S. P. Johnson, a retired missionary, was totally destroyed by fire last evening.

Neighbors first saw flames issuing from the tank house over the kitchen about 8 o'clock, and it is presumed that the fire was due to a defective flue. The fire department arrived, but the flames had made so much headway that it was impossible to save the building, but most of the contents were saved.

The building was a two-story, five room frame structure, valued at about \$1000.

The electric train will leave Third and Franklin streets tomorrow morning at 6:30 A.M. for the day's outing in the San Lorenzo Grove.

Tickets for the round trip, including admission to the grove, are 25 cents.

Arrangements have been made to sell tickets at the train to accommodate those who have not as yet secured

their tickets.

Men of California.

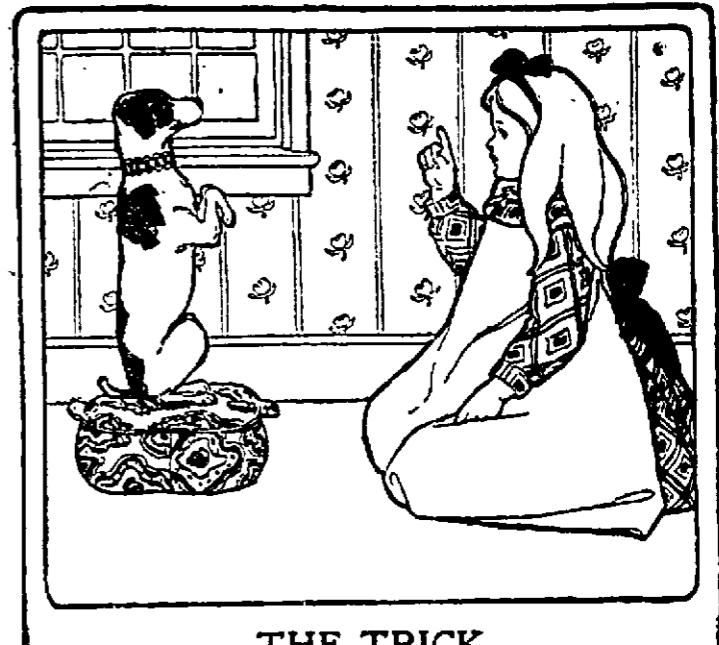

The Pacific Art Company has in course of compilation an authentic work entitled "Men of California." This work will be of sterling worth and as outlined has received high praise from all who are acquainted with its merits.

Primarily this is to be a volume of portraits such as every newspaper and magazine publisher will appreciate, for the material will be trustworthy and will be in such form that it may be readily utilized when needed.

There will be sufficient biographical data to make the book interesting, but only the main features of the lives of the men will be presented. The work is of high standard. The leading men of California will be represented in the gallery of portraits. The work is not custodial, but merely matter of fact, in this regard differing from most biographical work dealing with contemporaneous men.

MR. MCENERNEY FOR REGENT.

Governor Gage made a wise selection when he appointed Garrett W. McEnery a Regent of the State University to fill the vacancy created by the death of the late Stephen M. White. Like Senator White, Mr. McEnery is a Democrat, but he is a man of broad mind, ripe culture and commanding talents. He is one of the foremost lawyers in the State, and is everywhere respected for his eminent ability and for personal qualities which endear him to all his associates. He is a practical man of affairs, with a judicial temperament, and a keen readiness for letters. He will take a lively interest in the affairs of the University and do much towards promoting its welfare and enlarging the sphere of its usefulness. The Governor could it is believed choose a more worthy or popular successor to Senator White, nor one better calculated to serve with intelligent zeal the great institution in which the State takes such just pride.

Mr. McEnery's rise in life furnishes an instructive comparison with some men we see about us, and who assume to be teachers in the community. He began life in poverty and without influence. By dint of his own efforts he received a plain California education. He studied law under great difficulties and began to practice unknown and unaided, but he has worked his way up till he stands in the very front of the ablest members of the bar on the Pacific Coast. By sheer force of native talent he has made himself felt a public figure, but his actions are free from the taint of demagogic. He has never been a tire server nor has he ever catered to popular fads in order to gain ephemeral notoriety. He has not hired or bought newspapers to puff him into notoriety and vent abuse on those who opposed his political ambitions. He has gained affluence and position as the reward of a useful and enabling life. His success affords an admirably example to the young.

Now, compare this success in life with the congenital failure of the son of a rich father, who received the benefits of a European education and a technical professional training such as few men are able to obtain. See how one has frittered away the wealth gathered by a thrifty sire and squandered the brightest opportunities that can be presented to youth, while the other has earned wealth for himself and hewed out opportunities from hard surroundings. While one has constituted wealth, education and position to the pursuit of petty ambitions and ignoble vagaries in politics, the other has stood for principle and decency in public life and has acted from a patriotic conception of duty. While one has bought a local newspaper to sound his own praises and ride his enemies, the other has left his home to the honest judgment of his countrymen and has allowed his career to stand for what it is worth in the community. One started at the top and is steadily gravitating to the bottom, gathering increased contempt as he descends, while the other started at the foot and has climbed to the top without artificial aids, gathering increased honor and esteem as he goes upward. There is a profound moral in this comparison.

CUBA COMES TO TIME.

The Cubans have at length come down from the high horse which they have been riding and have accepted the Platt amendment, but, with a reservation characteristic of the Latin races in this hemisphere, they insist on clinging to the provision an interpretation based upon extraneous considerations. The position of the United States is such that this Government cannot afford to recede from its effort to toward the people whom it has liberated from the yoke of Spain, and Americans, in forming their judgment as to Island neutrals, must not forget that we are bound by solemn treaty to protect the rights of others in Cuba as well as our own. To accomplish this protection we must have stations for our ships of war and must be recognized, not as the gods, but as the guide, philosopher and friend of the Queen of the Antilles.

It becomes the incipient republic of the Gulf to call at America's wishes, even were they a thousand times greater than they are. The insurgents or themselves could never have loosened the grasp of their Castilian oppressors. There was not a nation on the earth, great or small, that was ready to accord them even so much as the rights of belligerents. Let us conceive, however, that they could have won, invaded, Cuba, in such an event, would they lay a hand of anarchy, torn by civil dissensions and reeking with the blood of those slain in a frightful struggle of the multitude and, on the other, of all the colored race against the now dominant Caucasian. Property would be a meaningless term and such a condition would prevail as now obtains in Hayti and Santo Domingo.

The Cubans will in time learn to govern themselves, there is no doubt, but, in the meantime, they need instruction that only the United States can give. Their best course—the single one open to them, in fact—is to follow our instructions.

Mr. Cuvelier's record on the water question is well known in this city, but it is evident from the sneering allusions to him in the Enquirer that he does not endorse the \$5,000 blackmail proposition. When the time comes, Cuvelier will probably be found voting the way he thinks is right in the water rate matter.

Every time G. E. Daniels reflects that the Water Company received an increase in rates without putting up that \$5,000, the Enquirer has a severe attack of cramp colic.

BOERS GIVE THE BRITISH ANOTHER HARD BATTLE.

Associated Press Dispatch to The Tribune.

LONDON, May 31.—On the anniversary of Lord Roberts' entry into Johannesburg the country has been startled by the news of desperate fighting and heavy British losses within forty miles of the Gold Reef City. The battle at Vladfontein, on the Durban-Johannesburg Railroad, reported by Lord Kitchener today, is the most serious engagement since General Clements' reverse at Magaliesburg. It shows General Dolley is in no way daunted by the capture of eleven of his guns by General Babington six weeks ago. The garrison of Vladfontein, apparently largely composed of volunteers, had 170 men put out of action. That their assailants came to close quarters and suffered heavy loss is shown by the number of dead left on the field.

The dispatch from Lord Kitchener dated Pretoria, May 28, is as follows:

"General Dreyer's forces at Vladfontein was attacked yesterday by Dolley's forces and there was severe fighting. The enemy was eventually driven off with heavy loss, leaving thirty-five dead. I regret that our casualties were also severe. The killed and wounded numbered one hundred and seventy-four. Four officers were killed."

TROLLEY CAR RUNS AWAY.

WILMINGTON, Del., May 31.—Three heavily loaded trolley cars of the new People's Street Railway ran away while going down a steep hill in this city today, killing one man, fatally injuring another and hurting twenty-five others more or less seriously. Joshua Gilligan, who jumped from a window of the car in which he was riding, fell underneath the wheels and his body was cut in two. Elmer Jones, a conductor, stuck to his post, and when the rear car crashed into the one he was in charge of, his legs and one arm were broken and internal injuries were inflicted. His death is naturally expected. Each car carried nearly 100 passengers returning to the city from Brandywine Park. The line was opened yesterday, and it is presumed the motormen were not yet familiar with the heavy grade.

COLLEGE MAN AS A KIDNAPER.

Associated Press Dispatch to The Tribune.

PORTLAND, Ore., May 31.—Dr. Wythe G. Woodruff of Philadelphia, one of the star football players of the University of Pennsylvania five years ago, was arrested tonight at the Union Depot along with Mrs. Edith Moyer of Lawrence, Kas., on a charge of kidnapping Mrs. Moyer's baby daughter, Myrtle. Dr. Woodruff, Mrs. Moyer and her baby were lodged in jail. The arrests were made on telegraphic instructions from Chief of Police Hayes of Lawrence, Kas.

"I don't understand what the matter is," said Dr. Woodruff. "I came here to make my home in Oregon. This arrest is an outrage, and I propose to make some one suffer."

KANSAS CITY, Mo., May 31.—The warrant for Dr. Woodruff's arrest on a charge of kidnapping a child was sworn out before Justice of the Peace Jenny in Kansas City yesterday by Mr. Moyer, who arrived here recently from Ohio. All concerned lived in Lawrence, Kas., formerly. Moyer was a prominent druggist in that city and the Moyers became acquainted with Dr. Woodruff two years ago when the latter came from the East to act as coach for the Kansas University football team. In February last Mrs. Moyer went to the home of her parents in Menomonie, Mich., to recuperate from a serious illness. Moyer followed within a month, but finally went alone to Cridersville, Ohio, where he has since been engaged in business. Mrs. Moyer is said to have left Menomonie with the child on May 8th, and Dr. Woodruff, Mrs. Moyer and the child are said to have left for St. Joseph, Mo., on May 16th.

MRS. MCKINLEY NOT OUT OF DANGER.

Associated Press Dispatch to The Tribune.

WASHINGTON, May 31.—Mrs. McKinley passed a very comfortable night and sat up this morning for a while. She is cheerful and is feeling rested after her journey. Dr. Blayney says she shows great improvement.

The physicians who are in attendance upon Mrs. McKinley after a consultation this forenoon issued the following statement of her condition:

"Mrs. McKinley is recovering from the fatigue of the trip. The illness from which she was suffering in San Francisco still continues, though in less intense form. She is still weak and cannot be considered out of danger. Her progress will no doubt be slow, but improvement is looked for."

MRS. CLEVELAND'S STEPFATHER DEAD.

Associated Press Dispatch to The Tribune.

BUFFALO, N. Y., May 31.—Henry E. Perrine, a well known business man of this city, is dead. His second wife, who survives him, was Mrs. Folsom, mother of Mrs. Grover Cleveland. Mr. Perrine was 74 years of age.

WAS DESPONDENT AND TOOK LIFE.

Associated Press Dispatch to The Tribune.

RACINE, Wis., May 31.—Fred Dergicks, a prominent hotel-keeper, up to two weeks ago proprietor of the Wagner House, committed suicide today by hanging himself. Despondency caused by financial reverses was the cause.

COLORED MAN HANGED FOR ASSAULT.

Associated Press Dispatch to The Tribune.

BALTIMORE, Md., May 31.—Wiley Kirk, colored, aged 18 years, was hanged at Towson, Baltimore county, today for criminal assault on a white woman.

The whole country rejoices over the news of the safe arrival of Mrs. McKinley at Washington. Despite the suffering it cost, her trip to the great West will ever be a pleasant memory to her, for it furnished the crowning proof of the high esteem in which her statesman husband is held by the people, and no joy could be greater to her than that.

Chief Sullivan of the San Francisco police has issued an order that in future the bobbies must not dye their hair decorations. They can have whiskers with which to deceive the people if they want to, but the deception must end right there.

China is to pay an indemnity figured at the rate of a million dollars a day. The allies have apparently tried to formulate a plan that will make the Mongolians regret each and every minute they were on the rampage.

EX-KING GOT A GOLD BRICK.**Samoans are Convicted****---Germans After Our Trade.**

(Correspondence of the Associated Press.)

PIAPIA, Samoa, May 8, via San Francisco, Cal., May 31.—The German government has made rapid progress with the roads commenced by the late government. But it has not been done altogether with German money, for that government, upon the partition of the Islands, secured all the assets of the Malietoa government, including some thousands of dollars of cash on hand.

THE EX-KING.

Malietoa is still in Fiji and the Samoans are wanting him to come back.

It is stated that he will not return until Great Britain, Germany and the United States have carried out the promises made to him when he was induced to abdicate the throne in order to give the high commission a clear field to work upon. He was to receive an annuity and an education.

Governor B. F. Tilley has paid a visit to the outlying Islands of Manua and had a most joyful welcome from the King, Tafifana, and his chiefs.

CONVICTED OF MURDER.

The German court of Apia has convicted two Samoans of the murder of a Chinaman. The prime culprit, Pupu, was sentenced to be hanged and his accomplice to serve fifteen years at hard labor. Pupu suffered the penalty last week.

GERMAN EXPANSION.

The nation of the lands held by a San Francisco firm in trust for the Apia and Company, has been sold to Dr. H. G. Bird, of Burnside, Patman Co., W. Va., who also several years ago bought Vailima, the home of the late Doctor Louis Stevenson. This transfer places in German hands the largest American interest in real estate in the Islands under German control. It is the intention of the new proprietor to send to Germany for settlers to work the lands. Mr. Kunz has purchased two steamers from the Union Steamship Company of Zealand for the American trade. The first is daily expected at Apia and from there will proceed to Honolulu and San Francisco.

MAN OF MYSTERY IN THE PRISON.

The Detectives Cannot Fathom Case of Man With Mask.

The police detectives have been unable to satisfactorily trace the ante-ents of Robert Stowell, the young man who was found concealed behind a pile of wood in Greeley's wood and coal yard on Franklin street, near Thirteenth last Tuesday morning, and who was not only armed with a revolver, but had two hats and a foot-mask in his possession.

Stowell is proving a man of mystery on their hands. No one has been able to learn from whence he came or what was his purpose here, except that it is the general opinion of the police that Stowell, if that be his correct name, came here to execute an important hold-up or job of some kind.

To the detectives, who have been closely questioning him at the city prison the past three days, he told conflicting stories, so much so that a suspicion lurks in the minds of some that he might have some connection with the Mississip murder in San Francisco.

Stowell claimed first that he came here from Menlo Park; later he declared he had been at Cheektowah unloading sugar at the refinery, but from neither source have the authorities been able to obtain any information substantiating Stowell's statements.

Stowell declared first that he had his revolver in his possession at the time of his arrest for the purpose of pawning the same. Later he said that tearing some one might steal it, he keeps the gun with him. His being out and about at 3 o'clock in the morning he explains by stating that it is not unusual for people who work on farms to be out at that hour.

When closely pressed for an explanation of how he came into possession of the footpad's mask, Stowell today told a fibby story. He says that he came to Oakland with but one hat, that he had been sleeping for a few nights in the old car house at Fourteenth and Peralta streets, where he found the white hat and that some bums, during his absence, placed the mask in his hat.

This story is given absolutely no credence by the detectives, who hold to the opinion that he came here to carry out a big job.

Stowell is about 21 years old, and in build and general make-up reminds one strongly of young Major, the celebrated boy burglar who terrorized Oakland some years ago.

Stowell, the young man arrested while hiding in the wood and coal yard at Greeley's wood and coal yard last Tuesday morning at 3 o'clock, and in whose possession was found a revolver, two hats and a mask, appeared in the Police Court today on charges of carrying concealed weapons and vagrancy.

On the first charge a continuance was ordered till tomorrow, when the case will be set for trial; the accused pleaded guilty of vagrancy and will be sentenced tomorrow.

I now hasten to say that this branch of the Anglo-Saxon race in all its battles has stood not only for empire but also for the principle that men must govern themselves. Freedom is an experience. The century past has partially demonstrated its strength, and with the century now on will come to its final failure or perfection."

WERE YOU EVER

BITTEN BY A WILDCAT?

The oil sharks promoting wildcat companies are flooding the East with glaring newspaper advertisements, promising golden dividends and sudden wealth. Monthly dividends of 2 per cent are freely assured, or, in lieu of these, the privilege of exchange for other worthless stock later on. Thousands have been swindled by these unprincipled jacks, whose sole object is to separate funds from their money. ONLY PROVEN WELLS WHOSE PRODUCT IS SOLD MAKE DIVIDENDS LEGALLY POSSIBLE. Conservative investors in California oil properties are reaping fortunes, while these advertising highwaymen are deliberately stealing fortunes from their victims. Shall these sharks get any of your hard-earned cash? Millions are being made, and millions more can be made in California oil if YOU WILL USE YOUR BRAINS AS WELL AS YOUR MONEY.

STOCKS SECURED BY GOLD BONDS.

Every buyer of our stock will find his share accompanied by a security bond bearing 3 per cent interest, payable semi-annually, and valuing the face value of the shares purchased. This bond absolutely guarantees the purchase of your stock against loss. The bonds are protected by first mortgages on city real estate, worth twice the value of the bond. These mortgages are deposited with the California Safe Deposit and Trust Company, as trustees—the strongest and most conservative banking institution on the Pacific Coast. This company endorses each bond, certifying that it holds ample and sufficient first mortgages to pay the bond in full. The investor is paid 3 per cent interest on the bond. THE PAXTON GOLD BOND OIL COMPANY,
SAN FRANCISCO, CALIF.

Dear Sirs: Receiving to your communication of 9th inst., we desire to state that every bond issued by us is fully secured by the assets of the Paxton Gold Bond Oil Company, as protected by first mortgages on real estate worth not less than \$1,000,000.00, and that the amount of bonds issued by us shall at all times exceed the amount of bonds issued by the California Safe Deposit and Trust Company, as trustee, and held by them to secure the payment of said bonds.

Especially yours,
J. H. Paxton
Vice-President and Manager.

To the Paxton Gold Bond Oil Company,
San Francisco, Cal.

Dear Sirs: Every bond issued by the CALIFORNIA HOME BUILDING LOAN COMPANY is protected by first mortgages on real estate worth not less than \$1,000,000.00, and that the amount of bonds issued by us shall at all times exceed the amount of bonds issued by the CALIFORNIA SAFE DEPOSIT AND TRUST COMPANY, as trustee, and held by them to secure the payment of said bonds.

Very truly yours,
L. C. Johnson
President.

IN AN OIL PARADISE!

THE PAXTON GOLD BOND OIL COMPANY'S STOCKHOLDERS SHARE IN ALL DIVIDENDS, BESIDES DRAW 5 PER CENT INTEREST ON THEIR INVESTED CAPITAL.

Its location one of the most favorable on the coast half of section M. T. B. W. R. 4 N. S. It has oil and gas wells in the heart of the Ventura District of the California Coast. Our land will easily support 40 wells. Some of our oil neighbors are the large oil corporations, such as the Capital Crude, Westlake, Rummel, Pacific Coast, Whidden & Hobbs, Union Oil Company, the world-famous Bard wells, etc. Over 200 wells surround us. The Ventura field is the most highly developed in the world; 500 miles of pipe lines to the ocean, railways and refineries; 150,000 barrels tankaged here, gravity oil, selling as high as \$4.50 per barrel at the wells; producing wells 20 years old. It has made several millionaires and will make several more. One 10-barrel well means 17 per cent interest on our entire capitalization. We have contracted to put down four wells within one year.

SHARES CANNOT BE SCUTTLED BY ASSESSMENTS.

The Paxton Gold Bond Oil Company is organized under the laws of Arizona; capital stock \$50,000, divided into 50,000 shares at \$1 each, fully paid and legally non-assessable. It has placed 100,000 shares of its treasury stock upon the market at \$4.00 per share, to be sold in blocks of not less than fifty, accompanied by a SECURITY BOND BEARING 3 PER CENT INTEREST.

HOW TO INVEST.

The number of shares you want and the security bond which protects you against loss will be sent to you with your shares. There will be no charge. The worse you can do is to buy a few shares, draw 5 per cent interest and your cash returned—the best return. Remittances may be made direct to the main or branch offices. You see what you are buying, and get what you pay for. You cannot lose. Our security bond is non-assessable. It is written in every bond that the holder thereof will be loaned 31 per cent of its value at any time with the bond alone as security.

Car No. 22 of the Hayward's line punctuated the right of way with a wagon-load of wood driven by a Portuguese on Haywards avenue, near Holmgren's store, on Wednesday evening. Honors were about even.

In speaking of the coming service, Dr. Sargent said this morning:

"While we should all honor the dead heroes of the War of the Sixties, we should not entirely forget the heroines. I think they have been neglected, and that is why I propose to hold a meeting in their honor."

The cemetery was thronged all day long by people from Haywards and the surrounding country, who spent the time decorating the graves of the departed.

GOLDEN GATE, May 30.—Beginning Sunday evening, June 2, there will be a series of gospel meetings in the Golden Gate M. E. Church, conducted by the Rev. J. B. Orr, an evangelist of great power. The meetings will be continued for two weeks, and the singing will be a very pleasant feature. Everybody is cordially invited to attend.

FRUITVALE.

FRUITVALE, May 31.—A special singing service will be rendered at the Fruitvale Congregational Chapel on Sunday night. There will be solos by Dr. Robert Smith of the Knickerbocker Quartet, San Francisco; Mrs. M. S. Hauser, Mrs. Anson Hilton, Mrs. G. A. Berger, Mrs. Charles Middleton, Will Hackett and Anson Hilton.

The Guild of the Congregational Chapel, an organization of over a hundred members, will give the old original "Deserters Sing" at Thomas Hall, Twenty-third avenue, this evening. Mrs. Leslie Floryette will take the part of teacher and well-known citizens of Fruitvale will take the part of the pupils. Special music will be introduced.

A BOY SHOT.

ALAMEDA, May 31.—Daniel Jepsen, a 9-year-old boy living at 2323 Clement avenue, was accidentally shot yesterday with a 22-caliber pistol in the hands of his brother, Edward Jepsen, aged 16 years. The elder youth was preparing to take a trip to the hills with the small revolver, when he found that something was defective with the trigger. While experimenting with the weapon in the back yard at his home, it was accidentally discharged, the bullet striking his little brother in the calf of the right leg. Fortunately no bones were fractured and the leaden missile was extracted by Dr. C. W. Bronson.
